

PRABESH BHANDARI

+977-9763721815 | prabeshb635@gmail.com | Kerabari-08 Morang, Nepal

CAREER OBJECTIVE

I am motivated final-year BSc (Hons) Computing student at Itahari International College with practical experience in data entry and digital operations within the healthcare sector. I am eager to leverage analytical thinking and technical skills in a dynamic role that enables me to grow as a technology professional. Seeking an opportunity where I can contribute meaningfully, broaden my expertise, and collaborate within a purpose-driven team.

EDUCATION

BSc (Hons) Computing

2024 – Present

Itahari International College | Sundarharaicha-04, Dulari Morang, Nepal

Pursuing a comprehensive curriculum covering software development, networking, database systems, cybersecurity, and project management, with a strong emphasis on applied computing and real-world problem-solving.

WORK EXPERIENCE

Data Entry Intern — Medical Field

2024 – 2025

Upakar.com | Biratchowk, Nepal

- Accurately entered and maintained patient and medical records in the organization's internal database, ensuring data integrity and confidentiality in compliance with internal data-handling policies.
- Reviewed and cross-checked large volumes of healthcare data for inconsistencies, reducing error rates and improving the reliability of records used by clinical and administrative staff.
- Coordinated with the medical and operations team to streamline document workflows, contributing to faster turnaround times for data processing tasks.
- Gained hands-on exposure to healthcare information systems, privacy requirements, and the importance of accuracy in a high-stakes, real-world professional environment.

PROJECTS

NagarSewa – Public Management System

Jan 2025 – Apr 2026

Stack: React.js, Node.js, PostgreSQL, Tailwind CSS

- Citizen complaint platform:** register and track public issues like road damage, water supply, waste management, etc.
- Role-based dashboards:** citizens, ward staff, and admins each have their own view; staff can assign and resolve issues while citizens track progress
- PostgreSQL schema:** structured for issue categorization, location tagging, and status tracking across wards.

SKILLS

Soft Skills: Attention to Detail, Communication, Team Collaboration, Adaptability, Time Management

Frontend: React.js, HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js, Django, FastAPI, REST APIs

Databases: PostgreSQL, MySQL

DevOps & Tools: Git & GitHub, Docker, Linux, VS Code
